

November 7, 2014

Notice to all Berthholders:

I would like to address, and correct some misinformation published recently by Margot Grant as it relates to The Gibsons Marina (GMHI).

- * Gibsons Marina is a private, locally owned business, operating under a 30 year lease from the Town of Gibsons.
- * Gibsons Marina has had meetings with it's neighbours (Gibsons Public Market, Shoal Bay Developments, The George, Gibsons Yacht Club, etc.) all in an effort to work together to improve the boating experience for marina users and the general community.
- * We must all work together in Lower Gibsons to deal with the limited parking.
- * The fuel dock is a part of the George Hotel, but a necessity to the boating community.
- * The suggestion that the tenure of our berth holders will be affected by the George Hotel is simply NOT TRUE!
- * We value our customers, and have worked very hard to attract boaters, and maintain this facility for their enjoyment.

Art McGinnis
Operating Manager
Gibsons Marina
